

Who We Are and Why We Need You

The FRIENDS of the Middleborough Public Library, Inc. is a non-profit group of citizens who have been working together since 1985 to help the Middleborough Public Library better serve our community.

The Middleborough Public Library was established in 1874. Volunteer help and private donations have always been crucial to its growth and development. The Library now faces the challenges of the 21st century—the need for new technology as well as a growing demand for programs and services.

More than ever, the FRIENDS need your help and support. If you would like more information, please call 508-946-2470.
