

# Middleborough Public Library

# FUN WITH SCIENCE

## February School Vacation Week

Each humpback tail has a unique black & white pattern on the bottom surface.  
This is SALT

Tuesday, February 16 — 1:00 PM

### Whales/Ocean Rescue

*with Marine Biologist Carol "Krill" Carlson*

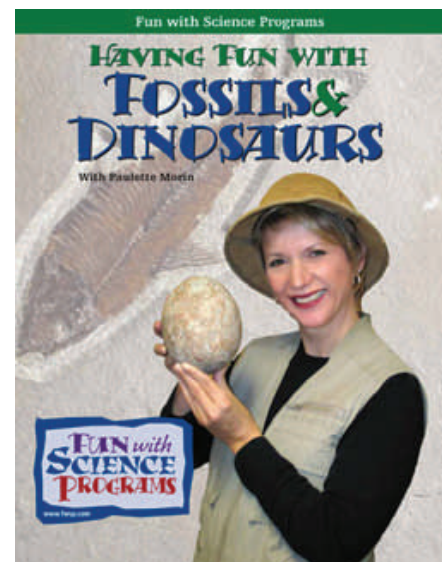

Join Ms. Carlson for an exciting family presentation on the unique coastal marine wildlife that feed off our New England coast. Learn how scientists rescue whales, seals and sunfish that strand along our beaches. Also, learn about the humpback whale, Salt. Have fun looking at artifacts and seeing a 25 foot inflatable whale.

Thursday, February 18 — 1:00 PM

### Having fun with Fossils and Dinosaurs

*presented by Paulette Morin*

Dressed for digging and protected by a pith helmet, intrepid fossil hunter Paulette Morin introduces children to the wonders of our prehistoric past and dinosaurs. Ms. Morin brings more than 100 fossil specimens for the children to examine.

Programs for elementary school aged children and older. All programs are free of charge. No Registration Required—125 Person Limit. Library is handicapped accessible  
Funded by the Friends of the Middleborough Public Library.
